

The Notre Dame Chapter of ASM International established a scholarship in 1981 to encourage the study of Materials Science. This scholarship opportunity is offered to students having an interest in pursuing a college degree in the Materials Sciences (i.e. Degrees involving metals, ceramics, polymers, semiconductors, composites, etc.). Please note that those applicants with a parent or guardian who is a member of the Notre Dame Chapter of ASM receive preferential consideration. If there are no applicants that meet this criteria, applications from individuals not affiliated with the chapter will be considered. The scholarship is offered, in the spring, to those students planning to enroll in college for the upcoming school year. All applications must be received by April 24, 2020. The scholarship is for \$500 minimum and is awarded for one year only. Renewal is by re-application.

Eligibility and Rules

The following rules govern the granting of scholarships:

- The chosen field of study should lead to a technical degree in materials or materials related field, for example; B.S. Material Science, Metallurgical Engineering, Polymer Engineering, Ceramics, etc.
- The selection Committee will evaluate the applicant based on numerous factors, including but not limited to;
 - Motivation
 - Scholastic Achievement
 - Extracurricular Activities
 - Interest in the Field
 - Potential
- The scholarship is awarded based on the recommendation of the Committee and approval of the Chapter Board of Directors.
- The scholarship is awarded for one year only. Renewal is by re-application, Committee recommendation and Board approval only.
- The amount of the award is determined by the Committee with the approval of the Chapter Board of Directors. The recommended minimum is \$500.00.
- Payment is made to the college or university in the name of the student and is to be distributed, one half in each semester, Fall and Spring, according to the school's schedule.
- Applicant must identify the school in which they are accepted and enrolled for the upcoming Fall term.
- Application must be made by the student using the form provided. The form may be either submitted electronically or mailed directly to the Scholarship Representative at the address provided below:
- In order to be considered for this scholarship, the following items must also be submitted to the address below:
 - Two letters of recommendation, neither of which can be from an immediate family member;
 - Copy of an acceptance letter or proof of enrollment in a college or university;
 - Copy of college transcript (if previously enrolled);
 - Copy of high school transcript (if currently enrolled);
 - Proof of ACT/SAT scores

Mail or E-Mail Application Material to:

David Coulston

LECO Corporation
